Our POS Advantage

All the features you need including easy touch screen operation as well as precise pricing for upcharges and modifiers.

Track your employees through time keeping, and manage theft and waste by keeping an eye on sales and voids.

Simplified navigation makes tending to customers quick and easy and training for cashiers minimal.

Manage prices, access real time daily sales data, run reports, and balance cash all from a single location.

Secure payment processing with EMV and NFC, tap to pay, and all mobile payment options.

Produce accurate financials with seamless integration to QuickBooks Pro®.

POWERFUL ITEM LINKING RULES

Easily link singles, 6-packs, 12-packs, 18-packs, and cases of the same item together for accurate pricing, bottle deposits, inventory, and sales reports.

MULTI-LOCATION MANAGEMENT

Scalable with multi location pricing, staffing, reporting, and native gift cards. Manage your business locally or from a single location.

ONLINE ORDERING APPLICATION

Fully integrated online ordering phone application. Orders come directly into the point of sale and print a label for easy servicing of orders.
